**Positive Profit Alert**

This announcement is made by Comtec Solar Systems Group Limited (the “**Company**” and, together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09(1) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

The board of directors of the Company (the “**Board**”) wishes to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that the Company is expecting to record a significant increase in the unaudited consolidated profit attributable to owners of the Company for the six months ended 30 June 2010 of over 1,200% as compared to the consolidated profit attributable to owners of the Company for the corresponding period in 2009. Such increase is mainly attributable to a significant increase in our revenue as a result of a significant increase in the shipment volume of our 156 mm by 156 mm solar wafers and a significant increase in our gross profit margin due to the improvement in our production process and a decrease in our polysilicon cost during the period.

As the Company is still in the process of finalizing the consolidated interim results for the six months ended 30 June 2010, the information contained in this announcement is only based on a preliminary review of the management accounts of the Group for the period, which has not yet been confirmed, reviewed or audited by the Company’s auditors.

Further details of the Company’s performance will be published in the consolidated interim results announcement for the six months ended 30 June 2010, which is expected to be announced in August 2010.

**Shareholders and potential investors of the Company should exercise caution when dealing in the shares of the Company.**
